MADE FOR LIVING

ARTIFICIAL INTELLIGENCE.

Namgrass has been cleverly designed from the ground up. For over 30 years, we've researched, developed and tested Namgrass to within an inch of its life to make sure it works and lasts. Plus, we manufacture it ourselves so we can control the quality.

BACK A WINNER.

It's easy to fall in love with Namgrass for its look and feel, but we all know looks aren't everything - so why else should Namgrass be the product of choice:

- Namgrass utilises a unique 'pile anchorage' system called 'Tuftlock', this ensures all the lovely fibres stay put and stand the test of time.
- Fibre quality - Namgrass utilises only the finest grade of ingredients to create its products.
- ALL our products benefit from a 10 year warranty.

"I'VE LOOKED AT A LOT OF ARTIFICIAL GRASS AND I'M REALLY IMPRESSED WITH NAMGRASS. IT'S HARD-WEARING, YET SOFT AND HAS A GREAT NATURAL LOOK."

Sarah Beeney

10 YEAR WARRANTY

- At Namgrass we take our time to ensure each and every product is optimised to ensure the very best 'blend' of materials, density and stitch rates.
- ALL Namgrass products benefit from a thick layer of latex to protect the backing and integrity of the product.

30

We have been producing artificial grass for 30 years.

All our products are designed, manufactured and distributed by us.

We have produced in excess of 50 million m² of artificial grass globally.
